INDONESIA'S 7 FINEST GOLF RESORTS

Keen golfers would agree on this definition of a desirable golf course: A mix of civilized refinement, untamed natural beauty and a sufficient number of challenges en route to the last hole. Basically, they wish for both luxury and unspoiled surroundings. Here is our selection of Indonesia's 7 Finest Golf Resorts.

2. RAINBOW HILLS GOLF

Also located within the majestic highlands of the Bogor region in the town of Sentul, the Rainbow Hills Golf takes full advantage of the picturesque setting, and carefully incorporates the abundant natural beauty of the site into a magnificent golf landscape. This golf course is able to accommodate and reward golfers of all abilities, length and power. Each fairway is manicured to be distinctively different from one another.

The par-5 13th hole is simply breathtaking. Standing at the top of the hole, your tee shot drops 130 meters onto a downhill fairway. A well-placed second shot will give you a good approach onto the well-protected green that is positioned on the left and over water. Tumbling, hazard-studded fairways make every tee shot an adventure.

At the end of the day after a good 4-5 hours of golfing, no matter how the scorecard reads, you are guaranteed to have had a great time. As you stroll from the final green, expect to be satisfied.
