## HIGH TEE AT RAINBOW HILLS

Located in the serene and verdant Bogor highlands, the Rainbow Hills Golf club is the most stunning golf course in the Jakarta-Bogor area with luscious meadows and refreshing mountain air.

**D**esigned exclusively by the internationally acclaimed JMP Golf Design Group, Rainbow Hills Golf Club features a natural contour concept with beautiful lush greens and fairways. Tifway Hybrid Bermuda grass is planted exclusively in the entire grass area of the tee box, rough and green, allowing golfers to generate consistent speed while putting the ball. Shaped dramatically, the course consists of long-range vistas accompanied by breathtaking views of misty mountain ranges. Tranquil lakes and exotic plants add to the idyllic landscape.

This award-winning golf course consists of 27 holes of varying difficulties, suitable for newcomers and veteran golfers alike. Golfers will be delighted with the dedicated, attentive caddy service available. Any request guests might have for additional equipment, or light refreshments, is delivered right to the course via the Golf Club's buggy.

Guests taking a break from the golf course can relax in the gorgeous clubhouse, which is positioned strategically on a ridge with magnificent views of the golf course. The clubhouse's amenities include spacious

locker rooms, elegantly outfitted lounges, club rental, an international-standard pro shop and all-inclusive practice facilities.

With such enviable advantages, it's no surprise that Rainbow Hills Golf Club is the course of choice for many of Jakarta's avid golfers.
