Rainbow Hills Receives Malaysia's Award

The event coincides with the Malaysian government's plans to establish strategic cooperation in the field of tourism, especially in conjunction with the 60th-anniversary celebration of Malaysia-Indonesia diplomatic relations.

According to Chairman of the Organizing Committee of the MTC Gold Awards 2017, Dato 'Hj Sahariman Hamdan, the awards ceremony was part of an effort to foster the tourism industry in the area, especially Malaysia and Indonesia, as well as to generate economic growth for countries in the region.

Meanwhile, the Deputy General Manager of Rainbow Hills Golf Club, Widya Tirta Putra, said that he is very proud of the award and will try to improve Rainbow Hills Golf Club's future achievements.

"We are proud of all the efforts undertaken by Rainbow Hills Golf Club in continuous improvement to achieve the award of Malaysian Tourism Council. This gives us the impetus to continue to innovate and keep the existing achievements."

Malaysian golfers recognize Rainbow Hills Golf Club as their most preferred golf club. The award was officially announced at the inaugural Malaysia Tourism Council Gold Awards 2017 held at Putra World Trade Center on 20 November 2017.

Following the award, Rainbow Hills Golf Club held a tribute ceremony that was attended by the Tourism Council of Malaysia and Indonesian and Malaysian media at JMP Golf Designs course on December 10, 2017.

International Recognition for Bukit Pandawa

A second Indonesian golf course received international recognition. Bukit Pandawa Golf & Country Club, Bali, was named as the "World's Best Par 3 Golf Course" at the World Golf Awards. Bob Moore, Bukit Pandawa Golf & Country Club designer, received the award at the event which was held on November 25.

Bukit Pandawa Golf, which opened in October 2016, was up against a selection of the greatest par 3 courses in the world to win the title of the best in the world. The course selection was conducted through an online survey and voting was open from March 14 through to October 1, 2017. ■
